# CUTS ENERGY COSTS BY 50%\*

**OPEN-CELL**

**Sealection® 500** has been Demilec's flagship product for more than 20 years. This cutting-edge formula of open-cell spray foam insulation expands 120 times its liquid volume to insulate and seal all cracks, gaps, and joints with a single application, and is easy to install and finish. It has dramatically increased energy efficiency for millions of residential and commercial property owners. It is a high-performing product for builders, shorter application time for contractors, and lower energy bills for consumers.

\*Source: Demilec analysis report of a side-by-side comparison of two identical homes built by Habitat for Humanity; one installed with traditional fiberglass insulation by an anonymous donor, and one installed with Demilec Sealection 500 spray foam insulation donated to Habitat for Humanity.

- ⬡ **Maintains performance throughout time and temperature**
- ⬡ **Allows the use of smaller HVAC systems**
- ⬡ **Minimizes outside noise**
- ⬡ **Reduces dust and allergens**
- ⬡ **Does not deteriorate or decompose**
